

FARMHOUSE

The last kitchen sink you will ever need. You will bequeath it to your grandchildren. They will bequeath it to theirs. It's planned non-obsolescence. Everything about this sink feels substantial, grounded and authentic. It's an object so durable and functional that it makes recyclability a non-issue (but of course it is recyclable).

PRODUCT N^o

- ♦ ELK-SB-6000 (bronze)

DIMENSIONS

- ♦ H:9 $\frac{3}{8}$ " W:37 $\frac{1}{8}$ " D:18 $\frac{1}{4}$ "
